### **DETAILED ACTION**

This office action is in response to the applicant's amendment dated 6/25/2004.

Claims 3-5 and 11-13 were amended.

Claims 1, 2, 6-10 and 14-16 were canceled.

Claims 3-5 and 11-13 are pending.

### ***Response to Amendment***

1. The examiner acknowledges receipt of replacement FIG.8 and approves said figure.
2. In view of the applicant's amendments to Claims 3-5 and 11-13, applicant's arguments, see amendment, filed 6/25/2004, with respect to Claims 3-5 and 11-13 have been fully considered and are persuasive. Therefore, the rejection of Claims 3-5 and 11-13 has been withdrawn.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The prior art of Organ and Sugamori teaches an analog/digital testing device and IC testing apparatus capable of measuring a plurality of circuits, with support circuits to control measurements, direct input/output data to the measurement circuits, memory, controller, address counter, and a failure reporting circuit including a memory. However, the prior arts of record taken alone, or in combination failed to teach, anticipate, suggest, or render obvious the claimed invention of the application. Specifically, the

Art Unit: 2133

prior arts failed to teach, anticipate, suggest, or render obvious the limitation introduced into Claims 3 and 11, namely: when the counter value counted by the counting circuit is equivalent to the number of the measurement circuit, the specifying circuit specifies the measurement circuit where the test condition data written to each measurement circuit is different from one another, at a point when the test condition outputting circuit finishes outputting the test condition data. Consequently, Claims 3 and 11 are allowed over the prior arts of record. Claims 4-5 and 12-13 are directly or indirectly dependent upon Claims 3 and 11, and therefore are also allowable over the prior arts of record. Consequently, Claims 3-5 and 11-13 are allowed. Claims 3-5 and 11-13 are renumbered as Claims 1-6 by the examiner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
